DOUBLE SIDED WIRE SHELF CARTS

Designed to make wire shelf carts more flexible, we have added a LENGTHWAY divider for our wire carts. This full shelf length divider enables any 18 or 24" deep shelf on a wire cart to be divided the length of the shelf giving access to both sides of the cart. The divider mounts to the shelf and can divide the shelf into any two depths – not just centered. The carts listed below are standard with one divider per shelf. The height of each divider is 8". Dividers are available for the 24", 36", 48" and 60" long shelves. Dividers can also be purchased separately for use on your existing carts as well.

- Each cart ships complete with 2 endscreens
- Carts available in 18" and 24" deep shelves
- All carts complete with four 5" casters-2 w/brake
- 5 shelf dividers are furnished with each cart

LARGE I.V. STORAGE CART

Our new Large I.V. storage cart was designed to store intravenous and other solutions that require proper stock rotation. Slanted open front and open back shelves enables you to load from the back. Product slides forward to the front for dispensing. The side screens keep product from falling off the sides of the cart, while the dividers are available to properly separate the products on the shelves. This cart also includes two 17"W x 22"D x 6"H drawers for storage of small items relating to I.V. Therapy. This cart is mounted on an aluminum dolly with plate casters enabling the cart to handle the heavy weight of I.V. bags or bottles.

NEW DOUBLE SIDED STORAGE CART FOR DEVICES AND IMPLANTS

Exchange Cart Accessories is pleased to announce a new size of storage cart for implants and devices. This new solid metal shelf cart has four double sided shelves – 24" deep x 36" wide with a center divider on each shelf making each side a true 12" deep.

These deeper shelves allow better protection for the implants and devices as well as maximizing the cart's capacity. The top shelf has a removable divider that allows the packages that are 20" – 24" deep to fit in this area when the divider is removed. Each of the three double sided shelves comes standard with a shelf divider to help keep the product organized and upright.

- Catalog number for the cart is DB2436-DIV - powder coated in black color only.
- Overall size of the cart is 24" X 36" X 64" High, includes the 5" casters – 2 with brakes.
- Catalog number for the cart cover in nylon with two flaps is DB2436-DIVCC

ITEM NO.	DESCRIPTION	PRICE

DB-2436-DIVCC	Cart cover in Nylon to fit above cart – Select Colors from Page 36 – Specify Velcro or Zipper Closures.	\$ 165.00

SMALL STENT AND DEVICE CARTS

Our device and implant storage carts offer protection from damage and loss of expensive device products. We have several styles and sizes of carts to fit the needs of the differing amounts of inventory that is stocked by device companies within the hospitals and vascular labs. These carts maximize the storage for these products while taking up minimum amount of floor space. We have two carts that are four shelf single sided units as well as our three shelf cart for smaller inventories. We also provide cart covers for each of these carts.

CATHETER AND DEVICE UNDER WIRE SHELF SLIDES

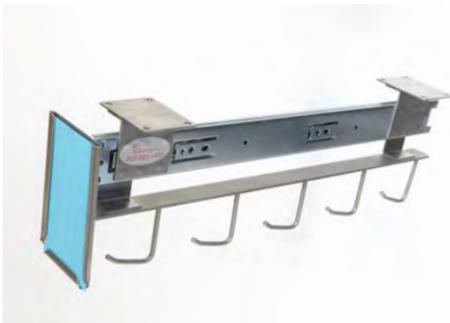

Our laser cut steel catheter slides provide storage for most devices, catheters, and implants on the market today. These slides will install on most brands of wire shelving. Two lengths – 18" and 24" are available to fit the most popular shelf depths. The 18" deep slide has five hooks, while the 24" deep slide has 7 storage hooks. Each hook is 2" deep to allow for storage of several packages. These slides are easily installed under the wire shelves providing a solution for not only storing the products, but allowing for easy field inventory management. Each slide has a label holder that can accommodate bar codes to allow for real time inventory data capture at the hospitals.

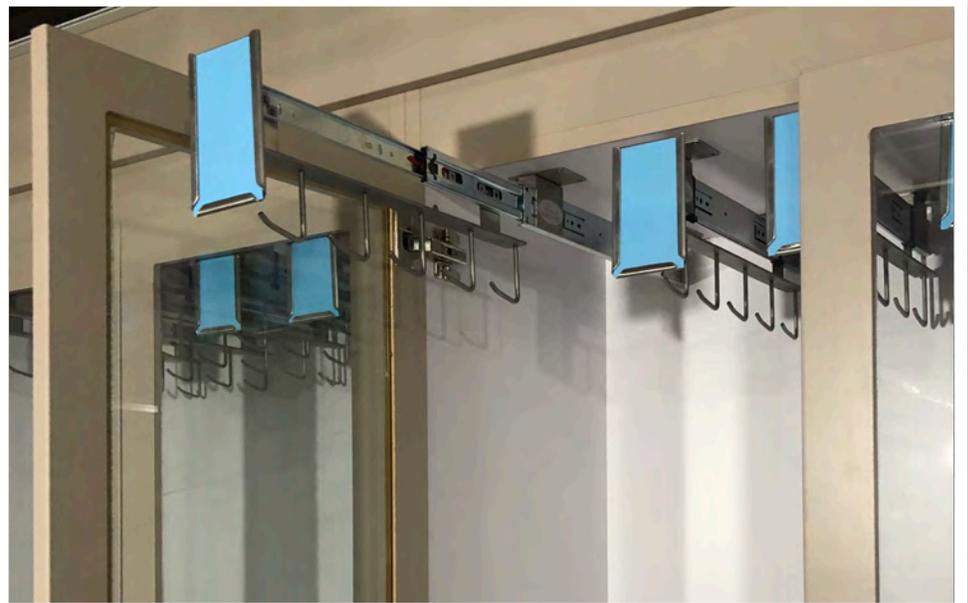

ITEM NO.	DESCRIPTION	OVERALL LENGTH	No. OF HOOKS	PRICE
SL-5	Catheter Slide To Fit 18"D Wire Shelf	18"	5	\$ 100.00
SL-7	Catheter Slide To Fit 24"D Wire Shelf	24"	7	\$120.00

CATHETER SLIDES FOR UNDER SOLID SHELVES

To determine the length of catheter slide that will fit in your closed cabinet, order slides that are one-half inch (1/2") shorter than cabinet depth with door closed.

- Heavy duty slides 100lb. capacity
- Full extension allows for easy access
- 3 x 5 label holder
- Available in 6 sizes to fit different size shelves in cabinets
- Hooks are 2" deep
- Can be mounted to wood or metal shelves (screws/bolts not included)
- Designed to fit in your existing closed cabinets or open shelving.

THE E.C.A. CATHETER TUBULAR STORAGE UNIT

Singular tubular boxes come complete with double faced tape — can be wall mounted.

Small units are 2¼" x 2¼", and three lengths 12", 19" and 30".

Large units are 4" x 4" and three lengths 12", 19" and 30".

Ideal for paper, plastic and rigid plastic packages. Eliminate cardboard shipping boxes, shelf dividers, and cardboard bin boxes.

UNITS ARE CONSTRUCTED OF BROWN PVC PLASTIC.

Units can be attached to each other and hung with enclosed "S" hooks to shelving and carts, or put on shelves as a modular storage unit. Design the unit to fit your needs. Add to it as your needs change. Use on exchange carts, par-level carts, mobile supply carts, open or closed cabinets, counter tops.

IDEAL FOR:

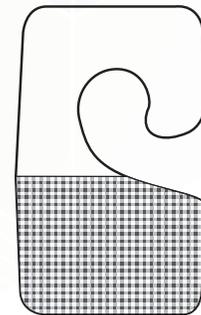

- Foley Catheters
- Stomach Tubes
- Thoracic Catheters
- T-Tubes
- Cysto Catheters
- Straight Catheters
- Trocar Catheters
- Embolectomy Catheters

PLASTIC CATHETER HANGERS

Slotted plastic catheter hangers are designed to be used on catheters and guide wire packages that are not pre-punched, and for reprocessed reusables. Simply peel off the adhesive backing and adhere to the top of the catheter package. The catheter can now be stored on a catheter rack or cart by simply sliding on a catheter hook. Our new #HL Catheter Hanger allows the removal of a catheter that is located behind other catheters without removing all of the catheters located in front of the one desired.

ISOLATION STATIONS

Isolation Stations provide convenient, easy access to Person Protective Equipment (PPE) supplies where space is limited. Ideal for use in medical, lab, or any area where cross contamination is an issue or protective gloves are needed. Isolation Stations are easy to clean and will withstand years of use and still look new. Each unit accommodates up to four different glove sizes and two mask boxes as well as an area for isolation gowns. Can be mounted on a variety of surfaces.

■ **Isolation Station #307000** is ideal for use in any area where infection control protocols are in use. Constructed of welded steel and finished with a durable and attractive powder coat titanium paint. **Measurement 21" H X 23" W x 4 1/2" D**

■ **Isolation Station #307010** constructed of welded steel and is finished with a durable and attractive powder coat titanium paint. **Measurement: 26" H x 21" W x 4 1/2" D**

■ **Isolation Station # 307005** is made of clear acrylic and is sleek and is easy to clean. Unit accommodates up to three different glove sizes and one mask as well as an area for isolation gowns. **Measurement: 20 3/4" H x 18" W x 4 1/2" D**

MOBILE GLOVE & SANITIZER STAND

The Mobile Glove and Sanitizer Stand includes a triple stainless steel glove box holder and one sanitizing dispenser. The stand can easily be transported to wherever infection control supplies are needed.

- 40" Work Height
- 1 hand sanitizer holder
- 22" diameter star base
- 5-Year Warranty (1-year on casters)

Mobile Glove & Sanitizer Stand #350351

MOBILE INFECTION CONTROL STAND

The Mobile Infection Control Stand includes a top tray that holds up to 6 boxes of gloves or masks. There are two sanitizing dispensers attached to the tray for convenience. The stand can easily be transported to wherever infection control supplies are needed.

- 40" Work Height
- 2 hand sanitizer holders
- 22" diameter star base
- 5-Year Warranty (1-year on casters)

CART COVERS

Clear Front Flap is available for 20% Upcharge

Perfect for linen, central supply, medication and other cart applications... E.C.A. has the most complete line of cart covers available on the market today. From 400 denier nylon, to staph gard, to disposable polyethylene material in a 2 mil thickness. Our cart covers are available in a variety of styles and colors. In addition, we can custom design any size or style cart cover you need, with a variety of optional features. Please verify sizes before ordering. Cart covers are non-returnable. Pricing on custom cart covers is comparable to standard sizes. Please specify color, closure and type of corner when ordering.

400 DENIER NYLON

An extremely strong, fluidproof material. Can be laundered with a mild detergent — dries quickly.

NYLON COLORS

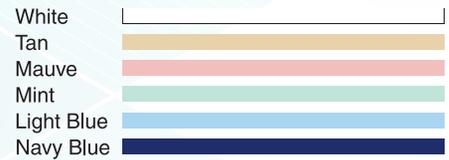

Marine tested zippers or full length velcro closures.

STAPH GARD

Heavy duty, antibacterial, flame retardant, fluidproof, tear resistant — laundering is not necessary. Wipes clean with a mild detergent.

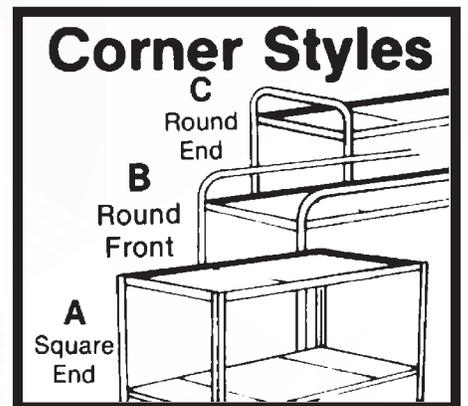

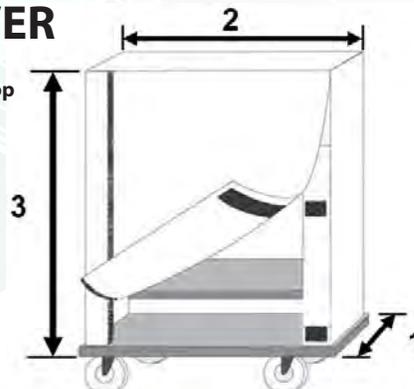

STAPH GARD COLORS

DESIGN YOUR CART COVER

- * Accurately measure outside cart dimensions: 1. Front to back (depth) 2. Left to right (width) 3. Top to bottom (height) - DO NOT include casters Do NOT include additional inches - we will adjust so that cover fits properly.
- * Determine corner style.
- * Determine flap closure.
- * Determine fabric and color.
- * Indicate any options required.
- * Make a simple illustration, if needed.
- * Call us with questions or for assistance

EASY GRAB OPTION

- Replaceable overlapping vinyl strips.
- Slitted see-through vinyl saves time.
- Cart contents always viewable.
- Easy as "See and Reach"
- Call for pricing.

LOCKING CART COVER OPTION

- Grommet allows lock or disposable ties to secure cart contents
- Available on any style or size!
- Secured cover eliminates the need to inventory cart to replace used items.

DISPOSABLE CART COVERS

In addition to reusable cart covers, E.C.A. has a very complete line of clear disposable cart and equipment covers, at very affordable prices, on a convenient dispenser roll.

- Clear polyethylene 2 mil. thickness.

Please call us about custom sizes on disposable cart or equipment covers.

GENERAL INFORMATION

ACCEPTANCE

All orders are subject to acceptance of terms and conditions of sale, regardless of the form in which submitted. All orders are subject to price prevailing at date of shipment and are quoted FOB closest distribution center unless specifically quoted otherwise. Custom manufactured products are subject to a deposit at the time of order.

ORDER CONFIRMATION

To avoid duplication of shipment, the word "Confirmation" or "Confirming" should appear on all documents which are sent in confirmation of orders placed by telephone, fax or e-mail.

TERMS

Terms are Net 30 days.

MANUFACTURERS SPECIFICATIONS SUBJECT TO CHANGE WITHOUT NOTICE

SPECIFICATIONS

All dimensions and shipping weights are approximate. E.C.A. Inc., reserves the right to change specifications without notice. The company also reserves the right to cease manufacturing or distribution of any product without notice.

SHIPMENTS

Shipments will be made FOB shipping point and the buyer assumes responsibility for all damages in transit. Such damages must be declared at time of receipt, directly on the shipping documents, and claims must be filed immediately with the transport company. If after receipt of shipment, concealed damage is discovered, immediately notify the delivering carrier requesting inspection. The inspection report should be used to support your claim against the carrier. Any claim for damage or shortage must be filed by you with the delivering carrier.

Unless a preferred routing is specified at the time of order, shipment will be made the best way, transportation prepaid and added to the invoice.
